

# Bestmed Maternity Care Programme

## Step 1: Register on the Maternity Care Programme with Bestmed

Please note that you do not need to be registered on the Maternity Care Programme to have access to the maternity benefits. If the doctor claims using an ICD10 code that indicates pregnancy, the claim will pay from Scheme benefits and not savings. **The maternity benefits are automatically active after the first pregnancy consultation claim.**

## Step 2: You will be contacted via email by DLA (2 – 3 weeks after registration)

Once you have registered, you will receive a confirmation email from DLA. You will receive weekly emails with helpful tips and information regarding your pregnancy.

Please note that the email with the Maternity Care Programme information will be from DLA (address ending with @dlagroup.co.za) and not from a Bestmed email address. Please also check your SPAM folder. Kindly follow the instructions in the email and forms. On this form, they will collect your address for the gift delivery together with other clinical information.

### Who is DLA?

DLA is our third-party service provider that manages the Maternity Care Programme on behalf of Bestmed. They offer the following services (which you register on the programme for):

- Maternity gift
- Access to a 24-hour medical advice line
- Weekly emails with helpful tips about pregnancy, baby development and pregnancy symptoms
- Emails sent (every two weeks) to partner / spouse / father to also inform them about the baby's development and mom's progress
- Separate monitoring programme for high-risk patients
- Trimester wellness calls

## Step 3: Receive a gift selection form in the 2<sup>nd</sup> trimester

After the 2<sup>nd</sup> trimester you will be able to choose your gift from a comprehensive list which includes a baby bag and other useful items which will be sent to you.

Please return the form to the email address specified on the form, not to Bestmed.

## Step 4: Delivery for you

Your maternity gift and welcome pack will be sent to you after you have made your selection and returned the forms.

For gift enquiries (after the gift selection process was completed at the end of the 2<sup>nd</sup> trimester only), please call DLA on **011 704 0072**.

# Important contact details

## Pregnancy-related claims

All enquiries related to claims (including pregnancy claims) should please be directed to [service@bestmed.co.za](mailto:service@bestmed.co.za) and all claim submissions to [claims@bestmed.co.za](mailto:claims@bestmed.co.za) for reimbursement.

## Hospital pre-authorisation

For hospital delivery pre-authorisations, please contact [authorisations@bestmed.co.za](mailto:authorisations@bestmed.co.za). Kindly include the following information in the email:

- Membership number
- Planned procedure date
- Procedure codes
- Hospital practice number
- Doctor / midwife practice number

## Maternity benefits check

To confirm available benefits and for other general enquiries, please contact [service@bestmed.co.za](mailto:service@bestmed.co.za).

## How to register your baby to your membership

To register your baby with Bestmed after delivery, please contact [membership@bestmed.co.za](mailto:membership@bestmed.co.za) within 30 days after the birth. Please include the following in your email:

- Membership number
- Copy of the birth certificate

Should your baby need medical attention at birth or during the hospital stay, please notify us on **086 0002 378** or [membership@bestmed.co.za](mailto:membership@bestmed.co.za) as soon as possible, to arrange cover for your baby.

## Why use Bestmed Designated Service Providers (DSP)?

A DSP is a service provider that is part of the Bestmed provider network. To avoid short payments on the doctor's account, the member can consult a DSP doctor. Voluntary use of a non-DSP provider will result in the member being liable for any shortfall above 100% Scheme tariff. Bestmed pays 100% Scheme tariff on claims from service providers not contracted with them. This includes antenatal consultations, 2D scans and the delivery. All shortfalls are payable to the provider.

We highly recommend downloading the Bestmed App where you can do searches for any network service provider across all disciplines in any area. This is also handy when on holiday or away from home.

For general enquiries or assistance please email [maternity@bestmed.co.za](mailto:maternity@bestmed.co.za)

# Bestmed App

Select "Network Provider Search" from the main menu and complete the fields as needed.

The World Health Organisation (WHO) recommends midwife-led continuity of care models. These models include a midwife, or a small group of midwives, known to the woman and support her through the antenatal, intrapartum and postnatal period.

We have 70 midwives on our Bestmed Preferred Healthcare Provider network!

Maternal care providers need to be selected with care. Talk to your healthcare providers to ensure you are comfortable with their treatment approach, views and care.

## Maternity benefits as offered on Bestmed benefit options

Maternity benefits are offered across all Bestmed options. As a Bestmed member, you will have access to the following benefits at 100% scheme tariff (Not paid from your savings account):

Network providers apply to the Rhythm1 and Rhythm2 options, subject to the following benefits:

### BEAT1, BEAT2 AND RHYTHM1
